Apple iPad mini: bright narrow border design

Apple iPad mini with a narrow border design highlights this design was first used in the Apple iPad tablet PC. But some friends will ask that narrow border when grip is somewhat inconvenient is easy to misuse. Apple has long taken into account in this regard and makes

Apple iPad

mini the optimization process. And misuse phenomenon does not appear to eliminate the worries of consumers. These parameters seem to point to a Keyword - portable. Indeed, to the rapid pace of life date, Subway has become a popular travel the main mode of transport, and to control the screen in a certain range of the primary considerations for flat-panel manufacturers Honest, the emergence of the Apple iPad mini conference and did not give me too many surprises. One hand, early spy photos of news has been very full, on the other hand, this product must be low-cost, and positioning is the entry count somewhat close to reality what new features new technology, hardware configuration with the iPad 2 flat has been quite pretty good. 7.9-inch screen, 1024 × 768 resolution, A5 dual-core processor, iPad camera and so on.

Ipads

cases comes out of this.

Lesotho Promise Diamond Necklace

This century

discovered the world's largest diamond - the "Lesotho Promise diamond

Jewelry

Accessories

, after 18 months

of cutting, grinding, and finally the embodiment of such promises as beautiful and pure as a necklace.

Whether you

believe it or not, the beginning of the legend is always

accompanied with dull. In Lesotho in the south of the African

continent, an ancient name of the Letseng diamond mine. At first it

was closed in 1982 by the De Beers mining once dormant for 22

years. When the new owner Gem Diamond Company re here to continue

mining after two years, one day in August 2006, a women working in

the mine here picked up a huge diamond.

"She was a person stay in the sorting plant, and then suddenly screamed, everyone thought she was the presence of an electric shock in the" Gem diamond company president Clifford Elphick in a media interview on October 9, 2006 performance quite humorous. His good mood of course, because the day the Fengyun weighing 603 carats of diamonds are successfully sold price of \$ 12,360,000. "We will be named the diamond 'Lesotho Promise'," Lesotho Minister of Natural Resources said Mamphono Khaketia. "Was intentional so named in order to allow people the other hand, this has been abandoned mines to keep his promise could be so, we are committed to future found the diamond of the same or even better. "somewhere," Lesotho Promise "really continue to honor the Letseng diamond mine in 2007 and 2008, respectively, each mining a 450 kt diamond.

After three months of expert scanning identification, the the pristine "Lesotho Promise," was identified as a D grade. "After cutting the final price is not estimated, but the total value of more than 20 million U.S. dollars." Johnny Cornell, an expert of the South African diamond company is very optimistic about the "Lesotho Promise". These rare treasures in the bag British jewelry

Mens

Cufflinks magnate Laurence Graff: "I will not the diamonds say no." Lawrence has the title of "King of Diamonds" as early as "Lesotho Promise," has just been uncovered get the message, followed by ambitious, he beat 13 competitors in the diamond center of Antwerp, Belgium, on behalf of the South African diamond company Graff Group's buy quickly. The outside critical of the excessively high price of \$ 12 million, Lawrence filled Quedui own investment confidence: "Good things not cheap."

Next, the sonic

booms World Lawrence paid a very high price for this "promise". Complex shape cutting work of unprecedented difficulty the slightest mistake Masterpieces treasures will be turned into a useless flue dust. The first phase of the cutting work, experts use CT for the entire original stone pieces the drawing analysis - including its internal structure and even texture. Next, via a 35-member team for a long time fighting last Fengyun 603 kt original stone

Brooches

Jewelrcut into 26 different shapes of diamonds with a total weight of 223.35 kt. Subsequently, 26 small 0.5 kt as large as 76 carats of diamonds, were anonymously sent to the GIA for certification. GIA technical guidance, John King, said: "The ability to cut out so much of flawless diamonds, enough to be

reflected in its a perfect preliminary program and cutting grinding technology. Precious not only because Masterpieces hard to find, so pondering a treasure skill equally extraordinary. "Lesotho Promise," his breakthrough moment has finally arrived, Lawrence excited: "This is a historic moment, never a rough diamond can cut out a 26 D flawless diamond!"

Cartier Only 1/10 of The Channel Atrophy Store

Luxury [Jewelry Accessories](http://www.coolseason.com/jewelry-accessories.html) to have the Chinese market as the Nuggets Heights, Tiffany began to enter China in 2001, aware of this, especially in 2007 set up a wholly-owned foreign subsidiary in China, with an independent team. 2010, in the face of the second quarter of the year in China, representing an increase of 27% of the performance, Michael J. Kowalski said the next three-year plan to open 25-30 new stores in China, and will continue to expand investment in the second and third tier cities.<p>Two years later, Tiffany's new store in China increased by 10, only 22, and its old rival, Cartier, up to 224 the number of stores in China, is Tiffany 10 times.<p>

The face of the other brands have a major push into the Chinese [Fashion Jewelry](http://www.coolseason.com/fashion-jewelry.html) market, Tiffany looks ancient channels and marketing, has been slow. Zhou Ting, which led to Tiffany in brand awareness, relative to other brands in China is very low, only say, Tiffany or their visibility on the dating market.<p>

"In this market, who can effectively do the marketing, the the valid ground floor sales channels, effective use of media resources, will be able to decide the last market results in China." Zhou Ting told financial weekly newspaper reporter,

she thinks Tiffany also continue to market strategy, its market share will gradually shrink.<p>
Product, Tiffany cling to their traditional classic "strategy does not launch the product for a specific market or region,
nor to launch high-end customized services, which seem to relate to other necklaces jewelry" flatter China strategy different.
However, for Tiffany, the alarm has gone off!<p>
