Okay, now we're talking. You've been waiting for days -- actually, for more than a week -- for astrological weather like this. Basically, what you're finally due to enjoy is a whole lot of fire, and this translates into pure energy and inspiration. Prepare yourself to play and play hard. How nice that all this arrived just in time for you to make plans for the weekend, too. Better double up on your vitamins and make sure you've got plenty of coffee on hand.

If you've been feeling a little more shy and retiring than usual recently, prepare for that feeling to vanish. The cosmos is definitely sending you some additional fire power, and you'll be garnering attention now -- the positive kind, maybe even the romantic kind -- whether you want to or not (knowing you, of course you want to). Get ready to gracefully accept a heap of compliments, return a flotilla of flirtation and generally have a great time.

Jesus vs Santa

CHRISTMAS TIME

The

Season of
Love & Giving

The Fathers Gift
to the Whole World

To the Christian, it's
a

Special

Celebration

of a Very Special Birth...
and

a Story of a Very Special
Love.

To
the
World
it's also
a Very Special
Time of Love and
Giving, Both in unity
This Special Season is a
Gift that the Father gave the
Whole World on
"His"
Sons
Birthday!

So "What do Santa and Jesus have in
common?"

They

both

give Gifts of

PEACE - JOY - LOVE

to their Children!

They

both

are "the Light" to the
Word,

in each their own way
during this Special Time of Year
when the World comes together in LOVE...
Praise God for Santa!
Esp for those who don't have Jesus in their
lives.

LOVE is a "Very Special Gift"

Antique Corn sheller

This

is a real "TREASURE", a piece of Amercia's history! GREAT condition. Very HEAVY wood & CAST IRON. Great conversation starter! A MUST HAVE for the serious collector.

19th

Century Corn Sheller Made of heavy wood and cast iron. late 1800's. Used to knock corn of the cobb, so it can be ground for cornmeal, also for feeding purposes. NOTE: possibly made by : Schaeffer, Merkel & Co. Fleetwood, Pa

i'm NOT normal

to broken
inside to ever heal....

how many do you know that:

*grew up w/no
family lovin them...

*ran away at 14
w/o goin to jail, gettin pregant, or drugged out...

*met a guy one
night n married him the next... lookin for love

*could'nt
ever have children due to physical abuse

*goes to dads
funeral only to be told not allowed in

*searched for
family only to find alls gone

*bounced back
not one, not 2 but 3 times after divorce, loosin all each time,
to only have the system dig the final grave

*lost house not
once , not twice, but 3 times! and fought till became owner again n
again n again ...

*has been
stalked not once but twice and became victim of a violent crime,

loosin 6 mo life +

*was given the
death sentence, waiting to die and got pissed, weaned off all
meds n worked the next yr in construction...

*has so much
talant n creativity and starvin...

*tells it flat
out and nobody can handle or deal w/truths

*have achieved
great things to be in such a rut now

*the brain dont
stop and drives all crazy

*lives as tho
they are dying, n nobody understands why they aren't function'n as
normal..

loss after loss, takes a toll on one's
soul

I did NOT
choose this

I believe in
God yes, I believe in RAPTURE yes! why?
cause whether
real or not after this life i dont ever wanna mis out on peace n
happiness, this has been my hell down here most all my
life...
yes I've done n
had n achieved great things but i'm broken into peaces and really I
just wanna go HOME and have peace.. that is my ONLY escape

this will
continue.....

life's taken it's final tole?

tons of crap BEFORE all this

LONG history of plain ole "crap"

88
prior problems

89
mom dies
90
husband stealing n not paying sub contractors

drugs n tried to killl me

seperated,

and litterly KICKED outta a church i loved and
was a co-signer on the loan of the bldg!

91
divorced

nasty n court 13 times in 1 yr!awarded 1400 a
month NEVER saw a dime AND got stuck w/some his bills even yrs
later had to pay several

bills he used my SS n DL # on dif stuff!

lawsuits were in process against MY HOME.. had
to act QUICK!

County calls, had a new born we'd waiting for 3
yrs on n went to parent training classes for yrs

92
quake

lived in truck 3 mo, lived at friends 3
mo....New yrs day HOME had enough takin my home bk

'93+

lost my "alphie" dog 17ys old! got hurt during quake.. + other
losses

killed me

.....

hud took over 3 yrs.. sold to bank in Fla... they foreclosed on me
had to vacate

also was a victim of a violent crime, guy STALKED me from a yard
sale i'd had

folled me home one night n beat almost to point of death and even
said he was gonna kill me

12
HRs! lost 6 months my life there..

lost my 2 yard dogs 14 n 17 another painful time

meanwhile a local RE crook gets involved

(Art Pettersen) lost it as he bought pennys on dollar, moved all bk
in never unpacked most...

then was paying him every month (so i thought he was paying loan...
) he decides he needs to move in as he can't afford 2 places...
well i was a basket case from above n had extra bedroom so dint
fight too much.. too most all my stuff to a rat infested storage

area.. and moved part of his stuff not knowing he wasnt payin on loan and started STALKING me also... every where i went I had to get a restraining order (my 3) in say ?3-4 yrs? joe n the stalker prior..

even slashed my girlfriend 2 front tires and one on mine just outta jealousy ... shakin head

well went to auction

got a hard money loan from THATCHER (crook)3 yrs....

back in my home....

but had a heart attack moving all the crap so much from stress

3

yrs lady friend come around hadnt seen yrs.. took it over

another long soap opra n ending more STRESS

then my grandma dies in 98, she raised me I didnt even get to go home

end of my family line all gone, no more

trying again to make a life again n all stuff imprt to me was boxed n stored in the room here and I got ill n never got to unpack and was such choas n mixed up just to OVERWHELMING!

went to yard sales n thrifts stores bought stuff to just "get by one"

then had a flood, water damage, then roof leaks and ruining some my fav stuff i'd packed to have

one last relationship

another heartache! and cost me a lot

then the whatever that destroyed my dolls...

my

"Savage" dog 140# shephard hung himself in the bk window!

bloody mess n I had to patch the wall that was clawed so bad the
poor thing broke his ribs n that busted his lungs 1/2 in n
1/2 out a real mess!

did a real # on me

one thing after another and sick with the migraines and psoriasis
eating up my body and being told I had hep C and was bad to "Go
home n make peace with my maker" which I have .. and ready to face
whatever come. yes finally an "ESCAPE" ..

BUT

still problems

then lost my "Bailey " 14 yr had to bury him myself! chose to
let him die at home he didnt suffer and I loved em all

swore NO MORE

IM

DONE

death all around and had to let my lovely yard all die as could
afford n also could do like I did

loss of my business..

problems w/roommates..

house lack maintance lots problems and even wind damage

everything in house is wearing out all so old (even me)

no

trash service

truck problems

the credit loss n all crap comes with it.. lost a 7.2 fice score

not due to any of my fault! due to economy.. sucks as there went my "newer" vehicle.. a tv n a lap top when i'm stuck in bed..

loss on house value (sad)

cpl yrs later... new dog "Jazzie" 4 mo old yorkie! from friends.. I NEEDED to care for something n have some love n something to need me.. if not i'd of been done gone!

had enough..

now Sept 1 yr ago my truck took a dump!! go figure! so been a shut-in n no choice not many around now

(more sorrow)

then getting sicker and hep attacks increase...

no

one to help n gums infected made me really ill and no dentist cares cause I can't PAY

dr

dont care

(3) THREE cuts on our ssi! lost over 120 bucks per mo!!!!

have over 60+ ppl on my list who have died since i been here '80

friends n acquaintances

thats why my house is thrashed and thats why i quit.. no more..

i

live as a recluse cause its safe.. no more crap from this world..

thats also why i'm glad i'm gonna be able to get the hell outta here soon as possible!...i hate it here..

one bad thing just thought id get ill n croke.. not have to arrange my end days care and all that stuff.. all right on n about my BIRTHDAY.. to

funny from beginning to end on B/D (ironic)

lots more like the lump on my lungs i refuse to deal with .. what does it mater now..

I
just dont wanna die in pain!

so
now have to fig out when i get so ill i cant care for myself like
happened this last mo when i now weigh 85 #s... not good...

then get told can't have stuff I feel I need

SURVIVAL is NOT a great lifestyle ok!

have to do whats necessary to just get thru next TRIAL/trauma

now I do keep busy, or i'd really go off the deep end..

I
do PHOTOGRAPHY (my passion) and garden, craft, games on pogo (good
for brain) and all i can when i'm feeling ok which lately hasn't
been that often.. sucks

made me a peaceful sanctuary in my back yard so i'm out with nature
much as possible and do my pictures and post n publish thats bout
all I can handle..

now to deal with all this new stuff and what's next? beats
the hell outta me

so
I called Hospice, called about senior stuff and now to see if I can
get any help in any areas?

I so need my truck fixed, hate being stranded on my good days..
and having to find ppl to take me drs n shopping sucks

and towns full of FLAKES

AWFUL etsy buyer

AWFUL #etsy buyer look at negs she leaves and she scams sellers

always ask for deals on several items

then WATCH OUT

brandnameforless says:

I DO NOT RECOMMEND THIS SELLER. AVOID DOING BUSINESS WITH THIS SELLER. The pendant and necklace I received is not as described.

The chain is 14k as stated. the pendant is not marked and when tested, it did not test as gold but rather, just plated. I want to return them as they are not as described. But the seller would not accept my return. She said all sales are final. She wants e to hold on to an item that she misinterpreted and did not honestly describe. I had to go through Paypal and dispute this transaction to get my money back.

Feb 15, 2012

brandnameforless says:

I DO NOT RECOMMEND buying from this seller. You have to go through Paypal dispute to get your money back for an item he sold that is not as described.

Feb 13, 2012

brandnameforless says:

These earrings are not real solid 14k gold. they are plated. when i asked the seller for a return for a full refund, seller would not agree. I DO NOT RECOMMEND buying from this seller.

Feb 13, 2012

brandnameforless says:

Do not buy from this seller. Seller, according to Paypal, is Non-US and unverified. I did not receive this necklace from the seller.

Jan 19, 2012

brandnameforless says:

I specifically asked the seller what markings are on the ring to make sure it is solid gold. seller said it is marked 18K. But actually the ring is marked 18K HGE which means it is electroplated and is not solid gold. The seller deliberately mislead me by omitting the letters HGE from ring markings when those letters are clearly there. The seller lied about the ring markings so as to present the ring as something that it is not.

Jan 18, 2012

brandnameforless says:

Worst seller ever. Would not accept a return. She claimed this is an authentic Tiffany & Co 18k pendant and chain, What I received are unmarked pieces with the chain marked 14k with no maker's mark. When I asked for a return, seller would only agree if I leave positive feedback. No way.

Jan 6, 2012

NOTE

hell on earth

well i need to write
just when i thought it couldnt get any worse... it DID...
i tried to start the etsy business and nothing but problems, and
along with living with a leaking roof, a toilet that don't flush,
ice maker broke for years, truck down n stranded for past 1 yr 7+
months, WAY behind on my house payments, setting on a houseful of

GOOD NEWS (let's HOPE)

In such terrible need, just trying to survive the daily
struggles is bad 'nuff but then the help I had couldn't make it all
time, has their own health problems so was so down spent the whole
last 2 days in bed.

hurt my back bad gettin up wood and depression din't
help.

well I met the new family moved across the street this eve as
I went out to get mail. He brought out the whole family, wife, 4
teens, uncle and another.. and we chated a bit and they offerin to
help me out! WOW PRAY this works as i'm at end of my rope and
harder and harder to even get outta bed ams seems.

hell being all alone and so needy now. everythings broke, worn
out same as me. been in my home 30 yrs and with all the gov cuts
past 3 years ruined me. i see no way out, and to have lost all
dental, eyecare, and most meds n coverage due to calif being
broke hasn't made life any better.

well I got outta my sick bed to try to sell some jewels n
treasures so I can get a ne/rebuilt iMac and a tv and maybe an iPad
as soon i'll be bedridden and to ill to set here.

so i have sstuff to mail and no way to go, not even to shop or
whatever i need. it's anykind of life i'm here to tell you.

So PRAY these ppl work out, will right across street and
plenty ppl there incase of needs perhaps.

am i hoping for to much?

the state will get the house and all treasures i've had most
all my life will be tossed or junked, how awful

here's a fraction of a whole house full i need to sell.

<http://etsy.me/yI42YF>

stop by check it all out! reduced prices also.

so we shall see what tomorrow holds. I'm soooo ready to go
HOME!

Elder abuse or ?

Elder abuse??? or?

Don't know what to do?

well as of March this year, family across street was approved

to do Home care for me thru IHSS. problem is the daughter was one on record. i was awarded 20 hrs a month at that time. worked fine 1st few months, as convent and close.

I'm terminal w/HepC n a shut-in past 3 yrs so dire NEED care, well did physical and IHSS gave 44 hrs a month which I felt was great. The family would take me shopping for food IF i was able or they brought me stuff I needed.

problem is wasn't putting in but 3-4 hrs and kept saying they would, they just busy.

meanwhile august, the daughter brought a brand new puppy to play w/my dog as poor thing gets lonely when I'm i'll in bed. Was to be a playmate while she worked a job at taco stand in town. Now her dad n mom did all the work when they did work. and the gal never took the dog home one night, so i ask for food n whatever, well she brought huge bones, NOT food. and only one time she even took the pup for awhile.

so few months back, I say, "well guess the pup is mine, as you've never feed, played, provided for so now its mine". she said " Ok but when the breaders/friends come over they wanna visit it" I agreed.

meantime they all have problems, she 's pregant, quits work in town and dad had heart attack (stress) then son (brother 19) so far be it from me to demand much less absoluty necessity.

Things calmed some this last month so cpl times I tried to talk to them, saying they will start doin my work, and care more for me, and every times never happened, I even gave them a blank calendar so they track their hrs, not for my benifit as i know, but thought they would see they were only workin 3-4 hrs per week vs the 11 gettin paid for.

now im a total shut-in and a lot of time i'll in bed and they never once cleaned my toilet, or washed my dishes, yes a few times vacumed, cleaned out fridge and lots good stuff, BUT now dad gets mad when I told him i need to share those hrs with another person so i have help when i need it, and it will help them, as I never saw them weekends past 3 months or so. he right out refuses! Its ALL or nothing!!! well i was shocked, didn't know what to say. well they never came over so I called the other lady to come as i needed stuff. well Dad saw the lady here and got hot, later came over threw me keys said its over, and daughter went to snatch the pup outta my arms, after 5 months with me!, Sheriff gets called, 2 1/2 hrs later office came in 10:30pm and talked, then went across street n talked, now cause dads mad he LIED to the officer and said

it was daughters dog. HURT OMG im so broken now from past devastation, its last lap and I dont need this stress.

make it really worse, since March, i've been giving them TONS of things, as i must get rid of all possible, I just ask to save my jewels n treasures and most precious things to me. I have no one for many years now, no family no kids, no loved ones, and being isolated I shut out the world when most couldn't deal with the death factor.

furniture, bedding, lamps, crystal, jewelry, crafts, kitchen appliances and TONS n tons stuff... and they just flat out took advantage of me

n LIED bout the pup i loved so dearly past 5 months 24/7 knowing that it will possibly devastate me!
I simply in so much grief, n shock i don't know what to do

im ssi low income and i paid/cared/boarded that baby/pup and I get this crap????

been trying to list some my old memories since childhood, on etsy and sold a few when i feel i can be active, then also they took stuff to mail, now i'll again, stressed to max and past week no help or anything so closed down site "vacation" mode till figure out next step?

also mom couldn't go on record as care taker as she not legal for another 2 yrs when daughter turns 21? beats me i havent a clue. They were like a family at first, even made me a 66th H/B eve with cake n balloons! Touched my heart. then to turn into vultures? or whatever ... Victimised once again, can't handle or take any more.

life sucks and my only hope is that the Good Lord WILL take me home soon.

on my good days i use my brain productively as much as possible. Helps the stress level and my health as some my personal stuff has found good homes to be passed on. All the rest i care less about now and why giving to them to use or sell or whatever.. sad.

That pup was so needed n loved, gave my baby something to play with and also makes me get up and care for something, and get tons of love from something depending on me. I'm a basket case...
im in SHOCK

"so it was about the money turns out

"so

turns out, it WAS all about the money..."

they set me up to believe i was "family"...

called me grandma and everything, made me feel good at first as i've never had kids, little on grandkids, and have to admit this was nice in the beginning.

told me many times, it wasn't bout the money, they were here to help with anything i needed, so i set them up to be my care providers, 1st was not much, only 20 hrs a month, but later on and after physical, they up'd it to 44..

now problems started when they were only working like 3 -4 hrs max per week, i was in need, and waited many many time till it was convenient on them... big mistake, trying to help hurt me big time

wasnt long till i felt like greed set in, as id been giving them a LOT of household stuff, and jewelry and things very personable to ME, that i must get rid of or will get dumped.

trying hard to get all my affairs in order before i pass, as not to leave all this mess for someone strange to sort thru n whatever, being i'll past few years i've had no one so this meant a lot and i thought id really found some family to care!

they even gave me a small pooodle pup so my jazzie wouldn't be so lonesome and i had some more love around and more to even get up for...

well shoulda had a clue when in large groups they all spoke spanish and hardly ever would translate, so i kinda just stayed at home n let a few at a time come visit, was nice we played puter games and played dominoes and all sorts nice things, i felt a lot better than i had in years... even talked about their family members buying my home, and all kinds stuff.. shaken head

then the hrs and needs started gettin to me, they were getting paid for 44 hrs and only working like 12-16 of them! all

month! well i needed help, so ask lady i know if she would be available part time, thinking they could split/share hrs, as they wasn't earning and i was needing... well thinking it "wasn't bout the money" duh.. i talked to them many many time in over a month, so told them what i planned, well chit hit roof there... NO WAY i was told.. all or nothing, and then they wanted the pup and tried to grab it outta my arms (5 months they never came to play/feed/buy food/nothing) now that night ok, next night no, they came with keys, thrown at me says over, n tried to snatch pup, tug of war, sherrifs called, they lied says it was theirs, so i was made to had that baby over! BROKE my heart! so vindictive! after ALL ive given and shared, and they knew my pain first hand and to do this to me! SHOCKED, still depressed, hard to even function, then Jazzie hard time eating also, missing her playmate, and me missing what i loved so much, alls in my life is Jazzie n me, and it was a blessing as well as a joy to have new life for us here.

all diestroyed over MONEY! GREED!

shaking head... i'm sooo dumb, i want SO to find someone who can deal n handle n help and looking like i'm goin out all alone and no one knowing anything bout zip... boy thats not a great thought after the life ive had...

its been a month + now and i'm still just devastated, function very little and care less, do best i can to deal with daily stuff as comes up... talk bout a raw deal, and grave mistrust! after knowing part of all ive been thru and to do this to me!

i'm done, ready to go HOME PLEASE Lord!

Not a lot left to live for except get rid more stuff..slow process

March Breakthru On my way back up again...

well it got bad

as you all know... and havent been doing well at all lately,
so I now have found help, and by trading my pathfinder for labor I
now hope to be able to get the leaks fixed, and some things fixed
again, and see what happens.

clearing out some stuff agin, slowly and
depends how i'm feeling, and today I got rid of 2 printers and
and misc stuff, little by.

so glad Springs bout here cause i NEED get
out in yard n garden! I NEED that healing from the son and
nature, already have stuff started indoors to go out, and now I
have my assistant and a guy working all misc jobs, so far so good
and its been over week, he comes now n then cpl 2-4 hrs and cuts
scrap wood, moves stuff for me, just misc needs and hes smart
like me "Jack of all trades and he knows Puters n selling.. so
may work out a deal together on stuff i can't sell on etsy.. say
he could list and sell and id split... sounds fair to
me...

then long as i have sales, i'm trying to
get stuff done so not so much stress.

Taxes still over my head, i got so stress
this last time i'm now 80#s.. sucks.. but i'd bout given up and
LOOK now.. had to hit bottom and also timing seems good for a NEW
start and maybe this is a GIFT i'd been waiting for! I have paid
it foward many times over thru life to point i felt cursed, maybe
this will be my glory!

Day by Day ok.. wish i had a granny to cook
for me lol,

feeling pretty good all way round since
yesterday, and think so much different now, + Can get stuff outta
here now and he can sell misc now and then as turns up for labor,
and working off truck so maybe ... time will tell, as none
ever worked out so far, but i am on borrowed time here and just
perhaps i'm gonna have a good spree for a bit before the
end..sell my vintage and dolls and collectables on etsy, rest can
be used to barter, sell or ?

so who knows.

Just wanted to let you all know that I AM
gonna give it all i got (aint much) but its a start again. Yes I
do believe it maybe my gift from the LORD .. since i finally let
it all go.

HE can know bless us all.

I sure have a change of attitude also and
feels good to also be able to pay back and also bless others big
time this last time around.

cont' later
