Madly in love

Good Morning....

Wow... Is pretty much all I can say sometimes. My bestfriend is a fool, and I love him for it. Not only is he my bestfriend he is also my rock. Can't really speak bad about him but what I can say is that he is just really confused about his love for me. I love him.....

This is really a sad situation!

You want me and then you don't. You can see me but then you don't. You are here there and everywhere in between.

You say you love me and I believe it, but sometimes you have a weird way of showing.

But I still love him.
