

Serendipity...

Tue, 1 Dec 2009

3:28 AM

11.29.09

Beginning. Fear, scared, afraid. Fear of the unknown, fear of the future, fear of losing the one that I found, the one that has made me happy... happier than I have been, happier than I knew I could be. Scared of the future, scared of ruining what I have, ruining what I could have, ruining a good thing. Afraid of what could be, what may not be, what will be.

Hand... Need...

i'm not quite sure how to breathe

without you here

i'm not quite sure if I'm ready to say goodbye

to all we were

be with me

stay with me

just for now

let the time decide when i won't need you

my hand searches for your hand

in a dark room

i can't find you

help me

are you looking for me

can i feel any more

lie to me, i'm fading

i can't drop you

tell me i don't need you

my hand searches for your hand

in a dark room

i can't find you

help me

are you looking for me

etch this into my brain for me

tell me how its supposed to be

where everything will go

and how i'll be without you by my side

my hand searches for your hand

in a dark room

i can't find you

help me

are you looking for me
my hand searches for your hand
in a dark room
i can't find you
help me
are you looking for me

Blur

When the whites of your eyes come through
You'll see something new
With your body and mine raised up
It's good to see you back home
When the life in your eyes wants black
Things return
You've come back
With your body and mine raised up
It's good to see you once more
Turn black tables
And your turning black tables
And your making your head blur
Making your head blur
And your turning black tables
And your turning black tables
And your making your head blur
Making your head blur

Walk Astray

Where were you the day they stole our innocence?
And arranged a sacrifice for everyone in town.
To bore the words yet to be written underground
To save the money on the kerosene they need.
Were you awake or were you sleeping?
Or just too afraid to disagree?

Well I don't wanna sing about freedom anymore.
I wanna see it! I wanna feel it!
I wanna know that it still sits beyond the lies that we've been told
beyond the wars that keep our families from home,
I know that there's a way.
Dear God, let there be a way
to change the path we're on (path we're on).
...and believe in a better day.

Our dreams are their worst nightmares, these songs a call to arms
we can dance on the graves that held us, we can change the course of time

Stand up and fight, save yourself,
strike, the time is now
You and me, we are more like sheep, (more like sheep)
forced to march crippled feet to the slaughter

I'll stand on principle, banner lifted and a fist raised high
Filthy soul with a patriot heart, dancing rhythms in a world apart

But you and me, we can live like thieves
on the dreams that we stole from their fears

Casting pearls before swine, hanging dead on the vine
Can we strive to be so much more than this?
You and me, we are more like sheep, (more like sheep)
forced to march crippled feet to the slaughter
to the slaughter
to the slaughter
to the slaughter

Insecure

Beauty over wisdom to fit in with their styles
Your Cinderella story's for a price
Vanity's a business built to please the unique
Silicone and stars collide, the rest will fall in line
Just as beautiful as you are
It's so pitiful what you are
You should have seen this coming all along
Visually you're stimulating to my eyes

Your Cinderella syndrome's full of lies
Your insecurities are concealed by your pride
Pretty soon your ego will kill what's left inside
Just as beautiful as you are
It's so pitiful what you are
You should have seen this coming all along
It's so pitiful what you are
As beautiful as you are
You should have seen this coming all along
You're everything that's so typical
Maybe you're alone for a reason
You're the reason
It's so pitiful what you are
You should have seen this coming all along
Just as beautiful as you are
It's so pitiful what you are
You should have seen this coming all along
It's so pitiful what you are
As beautiful as you are
You should have seen this coming all along

Broken

I wanted you to know I love the way you laugh
I wanna hold you high and steal your pain away
I keep your photograph, I know it serves me well
I wanna hold you high and steal your pain
'Cause I'm broken when I'm open
And I don't feel like I am strong enough
'Cause I'm broken when I'm lonesome
And I don't feel right when you're gone away
The worst is over now and we can breathe again
I wanna hold you high, you steal my pain away
There's so much left to learn, and no one left to fight
I wanna hold you high and steal your pain
'Cause I'm broken when I'm open
And I don't feel like I am strong enough
'Cause I'm broken when I'm lonesome
And I don't feel right when you're gone away

Still there...

When the thorn bush turns white that's when I'll come home,
I am going out to see what I can sow,
And I don't know where I'll go,
But I don't know what I'll see,
But I'll try not to bring it back home with me.
Like the morning sun your eyes will follow me,
As you watch me wander, curse the power that be,
'Cos all I want is here and now,
But it's already been and gone,
Our attentions always last that bit too long.
Ooh ooh,
Far far away, no voices sounding, no one around me, and you're still there.
Far far away, no choices passing, no time confounding, and you're still there.
In the Full moon's light I listen to the stream,
And in between the sounds I still hear you calling me,
But I don't know where I am,
And I don't trust who I've been,
And if I come home how will I ever leave?
Ooh, ooh

Pain

I'll seek you out,
Flay you alive
One more word and you won't survive
And I'm not scared of your stolen power
I see right through you any hour
I won't soothe your pain
I won't ease your strain
You'll be waiting in vain
I got nothing for you to gain
I'm taking it slow
Feeding my flame
Shuffling the cards of your game
And just in time

In the right place
Suddenly I will play my ace
I won't soothe your pain
I won't ease your strain
You'll be waiting in vain
I got nothing for you to gain
Eyes on fire
Your spine is ablaze
Felling any foe with my gaze
And just in time
In the right place
Steadily emerging with grace
Felling any foe with my gaze
Steadily emerging with grace
Felling any foe with my gaze
Steadily emerging with grace

Afraid

Lie in this empty bed
With this aching head
You left me here this morning
Now I can't remember why
I let you in again
To get under my skin
And every time you disappear
I remember
How I look for you
But I can't see your face
And then I hear you
The only thing you say...
I am afraid right now
I don't wanna let you down
And I am the one who can't be saved
The only thing I say
I am afraid right now
What if I can't get out?
What if I don't want to be saved?
This is me afraid
Now there's no place like home
To make me feel alone

I see you everywhere I am
And I remember how you ran out to hide
You kept me close behind
Following your every move so I remember
I look for you
But I can't see your face
And then I hear you
The only thing you say...
I am afraid right now
I don't wanna let you down
And I am the one who can't be saved
The only thing I say
I am afraid right now
What if I can't get out?
What if I don't want to be saved?
This is me afraid
I look for you
But I can't see your face
Then I hear you
The only thing you say is
Don't look for me
Cause you will never say
You won't hear me
You won't hear me
Why do we keep this up?
Why do we live like us?
When there is nothing left to save
Will you be afraid?
I am afraid right now
You already let me down
You are the one who can't be saved
If only I could say
I am afraid right now
You never will get out
You'll never let yourself be saved
You are so afraid
You are so afraid

Perfect

Sick of circling the same road
Sick of bearing the guilt
So open the windows to cool off
And heat pours in instead
Perfect in weakness
I'm only perfect in just your strength alone
All my efforts to clean me
Leave me putrid and filthy
And how can you look at me
When I can't stand myself
I'm tired to be honest
I'm nobody
Perfect in weakness
I'm only perfect in just your strength alone
Perfect in weakness
I'm only running in just your strength alone
I tried to kill you
You tried to save me
You save me
You save me
You save me
You save me
Perfect in weakness
I'm only perfect in just your strength alone
Perfect in weakness
I'm only running in just your strength alone

Hurt

Can you hear my heart beat in this bond
Do you know that behind of this bond
Lies the deep desire I'm in love hey
Make a wonderful love if I may
All my dreams to be all I can do
Only I love, only love
And you say I knew we should find a new way
Make a wonderful love if I may
Can you hear my heart beat in this hurt
Do you know that behind of this hurt
Lies the deep desire I'm in love hey
Make a wonderful love if I may

All my dreams to be all I can do
Only I love, only love
And you say I knew we should find a new way
Make a wonderful love if I may
Can you hear my heart beat in this hurt
Do you know that behind of this hurt
Lies the deep desire can you love hey
Make a wonderful love if I may
Make a wonderful love if I may
Make a wonderful love if I may
Can you hear my heart beat in this hurt
Can you hear my heart beat in this hurt

Let Me Go

Wait it out till the light
Take a breathe, say good night
But don't ever go away
Wait around to find the time
Only you can take what's mine
But don't ever go away
I'll be waiting... I need to let it go
Fade it out into the light
All these years we never get it right
I need to let it go
I need to let it go
I need to let it go
No more reasons to defy
That I believed that you were mine
I need to let it go
I need to let it go
I need to let it go
A chance to change or stay the same
One night with out the blame
That don't ever go away
Only you can make it right
To walk away with out a fight
But don't ever go away
I'll be waiting... I need to let it go
Fade it out into the light
All these years we never get it right

I need to let it go
I need to let it go
I need to let it go
No more reasons to defy
That I believed that you were mine
I need to let it go
I need to let it go
I need to let it go
I wish you'd let me go...

I'm Not Okay

Well if you wanted honesty, that's all you had to say.
I never want to let you down or have you go, it's better off this way.
For all the dirty looks, the photographs your boyfriend took,
Remember when you broke your foot from jumping out the second floor?
I'm not okay
I'm not okay
I'm not okay
You wear me out
What will it take to show you that it's not the life it seems?
(I'm not okay)
I've told you time and time again you sing the words but don't know what it means
(I'm not okay)
To be a joke and look, another line without a hook
I held you close as we both shook for the last time take a good hard look!
I'm not okay
I'm not okay
I'm not okay
You wear me out
Forget about the dirty looks
The photographs your boyfriend took
You said you read me like a book, but the pages all are torn and frayed
I'm okay
I'm okay!
I'm okay, now
(I'm okay, now)
But you really need to listen to me
Because I'm telling you the truth
I mean this, I'm okay!
(Trust Me)

I'm not okay
I'm not okay
Well, I'm not okay
I'm not o-fucking-kay
I'm not okay
I'm not okay
(Okay)

Empty

Can I ask you a question please
Promise you won't laugh at me
Honestly I'm standing here
Afraid I'll be betrayed.
As twisted as it seems, I only fear love when it's in my dreams
So let in the morning light and let the darkness fade away
Can you turn my black roses red?
Can you turn my black roses red?
Drowning in my loneliness
How long must I hold my breath
So much emptiness inside I could fill the deepest sea
I reach to the sky as the moon looks on
One last year has come and gone
It's time to let your love rain down on me
Can you turn my black roses red?
Cuz
I'm feelin like I'll blame it on love
Can you turn my black roses red?
Cuz I'm feelin like I'll blame in on love
I'm feeling like I'll blame it on love (until fades)

Dad

Sit across from you, why are we even here?
There is no way to make up for the 20 years.
I love trying to make conversation

when I could careless of what you're doing,
what are you doing? And I know you never cared 'till now.
All my days go back to when you would scream.
And it froze me.
Guess the screaming runs in the family.
You look tired and run-down.
Are you even excited to see your baby boy?
Put a razor to the skin 'till we don't resemble each other anymore.
Sit across from you, why are we even here?
There is no way to make up for the 20 years.
So now I see the tears welling up,
finally you care I've waited all my life for this.
It's always been over, it's always been over, it's always been over for us.
A single tear, a last resort for all who've never felt.
Sit across from you, why are we even here?
There is no way to make up for these 20 years.
If I could flip this table I'd stab you with every word
that lied its way out of your head.

Broken Heart

So here we are again
I see fork in the road
I hate you, you love me
this stories getting old
the day that I opened up
you shut me out for good
forgive! forget!
fuck you are a liar and a whore!
so take what you want and leave
you'll never get another part of
I remember the day I
thought I would be free
I poured out my soul to you
exposed everything
next thing I know my hearts broke
my hand is much the same
I did my best to drink you away!
So take what you want and leave
you'll never get another part of
you are poison on mans lips

lured in by the curves of your hips
come here boy stand by me
look my way have another drink
I should of got up...
I should of got up and left you
And I will never be your lover again
as far as I'm concerned
we are not even friends
this may not seem to subtle to you
the point I'm trying to make
is we are completely through
So take what you want and leave
you'll never get another part of
You are poison on mans lips
lured in by the curves of your hips
come here boy stand by me
look my way have another drink

Imperfections

I feel eyelashes on my cheek, and they lacerate my flesh.
A pain so good.
So put your hand in mine, never let go, never wake up 'cause I'm done with promises.
I'm taking blood oaths.
Feels like you kiss my imperfections,
My imperfections away.
And I would stand,
Stand by your side.
Until the sun turns the sky all the colors I see in your eyes,
And I never need to see the sun again.
There is enough light in your eyes to light up all the world
So take me, Take me away.
Kill me slowly, I'll never be the same
I swear to you, On everything I am.
And I dedicate to you all that I am
I promise you that I'll stand right by your side,
Forever and always, until the day I die.
The bite marks on my neck never felt so good
Im losing control, and its all that I can do not to blackout, and fall into lust with you.
Your kisses infect me, the dark gift is loving you.
And I feel immortal, and I want to make you feel the same.

So stand by me as well immolate.
We can burn in each other's arms.
And I feel immortal, and I want to make you feel the same.
So stand by me as well immolate.
We can burn in each other's arms.

Instincts

We all know, from what we experience with and within ourselves, that our conscious acts spring from our desires and our fears. Intuition tells us that that is true also of our fellows and of the higher animals. We all try to escape pain and death, while we seek what is pleasant. We are all ruled in what we do by impulses; and these impulses are so organized that our actions in general serve for our self preservation and that of the race. Hunger, love, pain, fear are some of those inner forces which rule the individual's instinct for self preservation. At the same time, as social beings, we are moved in the relations with our fellow beings by such feelings as sympathy, pride, hate, need for power, pity, and so on. All these primary impulses, not easily described in words, are the springs of man's actions. All such action would cease if those powerful elemental forces were to cease stirring within us. Though our conduct seems so very different from that of the higher animals, the primary instincts are much alike in them and in us. The most evident difference springs from the important part which is played in man by a relatively strong power of imagination and by the capacity to think, aided as it is by language and other symbolical devices. Thought is the organizing factor in man, intersected between the causal primary instincts and the resulting actions. In that way imagination and intelligence enter into our existence in the part of servants of the primary instincts. But their intervention makes our acts to serve ever less merely the immediate claims of our instincts.

Inner voice...

Your time is limited, so don't waste it living someone else's life. Don't be trapped by dogma - which is living with the results of other people's thinking. Don't let the noise of other's opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary.

Atlantic

it's been so long, and tin cans and string for years
is all that we've known, could it be you're really here

'cause my eyes are open, and everything still moves in slow-motion,
breathless and blue, and behind your eyes the sea
oceans of light envelop me

but things can't be as they seem, I'm so far from home
this must be another dream, but my eyes are open

and everything still moves in slow-motion,
breathless and blue, and behind your eyes the sea
oceans of light envelop me

my eyes are open, and everything still moves in slow-motion,
breathless and blue, and behind your eyes the sea
oceans of light envelop me

Changes

Don't rely on someone else for your happiness and self worth. Only you can be responsible for that. If you can't love and respect yourself - no one else will be able to make that happen. Accept who you are - completely; the good and the bad - and make changes as YOU see fit - not because you think someone else wants you to be different.

12:49 AM

Halo

Remember those walls I built
Well, baby they're tumbling down
And they didn't even put up a fight
They didn't even make up a sound
I found a way to let you in
But I never really had a doubt
Standing in the light of your halo
I got my angel now

It's like I've been awakened
Every rule I had you breakin'
It's the risk that I'm takin'
I ain't never gonna shut you out
Everywhere I'm looking now
I'm surrounded by your embrace
Baby I can see your halo
You know you're my saving grace
You're everything I need and more
It's written all over your face
Baby I can feel your halo
Pray it won't fade away
I can feel your halo halo halo
I can see your halo halo halo
Hit me like a ray of sun
Burning through my darkest night
You're the only one that I want
Think I'm addicted to your light
I swore I'd never fall again
But this don't even feel like falling
Gravity can't forget
To pull me back to the ground again
Feels like I've been awakened
Every rule I had you breakin'
The risk that I'm takin'
I'm never gonna shut you out
Everywhere I'm looking now
I'm surrounded by your embrace
Baby I can see your halo
You know you're my saving grace
You're everything I need and more
It's written all over your face
Baby I can feel your halo
Pray it won't fade away
I can feel your halo halo halo
I can see your halo halo halo
Everywhere I'm looking now
I'm surrounded by your embrace
Baby I can see your halo
You know you're my saving grace
You're everything I need and more
It's written all over your face
Baby I can feel your halo
Pray it won't fade away
I can feel your halo halo halo
I can see your halo halo halo

Broken Pieces

I was never one to patiently pick up broken fragments and glue them together again and tell myself that the mended whole was as good as new. What is broken is broken -- and I'd rather remember it as it was at its best than mend it and see the broken places as long as I lived.

Inner Peace

I believe that the very purpose of life is to be happy. From the very core of our being, we desire contentment. In my own limited experience I have found that the more we care for the happiness of others, the greater is our own sense of well-being. Cultivating a close, warmhearted feeling for others automatically puts the mind at ease. It helps remove whatever fears or insecurities we may have and gives us the strength to cope with any obstacles we encounter. It is the principal source of success in life. Since we are not solely material creatures, it is a mistake to place all our hopes for

happiness on external development alone. The key is to develop inner peace.

Sand

Relationships of all kinds are like sand held in your hand. Held loosely, with an open hand, the sand remains where it is. The minute you close your hand and squeeze tightly to hold on, the sand trickles through your fingers. You may hold onto some of it, but most will be spilled. A relationship is like that. Held loosely, with respect and freedom for the other person, it is likely to remain intact. But hold too tightly, too possessively, and the relationship slips away and is lost.

Freedom

A loving relationship is one in which the loved one is free to be himself -- to laugh with me, but never at me; to cry with me, but never because of me; to love life, to love himself, to love being loved. Such a relationship is based upon freedom and can never grow in a jealous heart.

Sacred Heart

Hear what I'm saying. It was always true. I was never playing. When it came to you. Never good at showing. What you mean to me. Here's my last chance. To set my mind at ease. And all the times you slipped. Between the cracks disguised. As something sacred. Never knowing that I wanted you. Hold you in my arms, protect you. Never let the world upset you. Handing my life over to you. I was always running searching for excuses not to be together. Now the chase is over with this ring on your finger. This will be forever.

True Love and Dreams

Only those who truly love and who are truly strong can sustain their lives as a dream. You dwell in your own enchantment. Life throws stones at you, but your love and your dream change those stones into the flowers of discovery. Even if you lose, or are defeated by things, your triumph will always be exemplary. And if no one knows it, then there are places that do. People like you enrich the dreams of the worlds, and it is dreams that create history. People like you are unknowing transformers of things, protected by your own fairy-tale, by love.

Closer

Sometimes I don't want to know,
I don't want to know myself
Sometimes I don't want to love
cause I don't feel it for myself

How can I improve on something I don't know,
So come closer
Come closer, come closer, come closer
so I can drive you away

I'll manipulate the stupid game
with my own confusion
and I'll be bending all the fuckin' rules
with my own self doubt
and if I seem uncomfortable
do I seem uncomfortable
it's cause I am
My own mind
my peace is hard to find
secrecy in my mind
mysteries countless as the world outside
So come closer
Drive you away
