Ok so basically I am new to writing and I think that it will be really helpful to me! I keep a diary if you will, but I typically put more personal things in it. I don't write in it every day but since i have this on the computer, maybe I will remember to write more often!!! Ok so basically I really want to be in a relationship for the physical aspect of it but I am not sure that I want the "drama".

Summer is just starting and I think that this is going to be a summer to remember! I am planning my HUGE birthday party and it is going to be awesome!!! Tomorrow I plan to lay out and go look at the room at the club where I am having my party!

Until next time...

Well tonight was pretty eventful! First I cooked chicken for Mom, John, Kp and myself and if I do say so myself it was REALLY yummy! SO...after that we ( Kp and I) were all dressed up and we went to meet a couple of our guy friends at the bowling alley! To sum that up I sucked at the bowling aspect of it but I kicked Nicks butt at pool... who knew I was so good...haha actually I did! I'm just kidding, that sounded really boastful didn't it?!?! Well then we all decided to go to the Sonic! Can you say a Route 44 Dr. Pepper? WOAHH those things are good! It took FOREVER to get out drinks but as soon as we did, I forgot how angry I was and just got lost in the most amazing drink ever!

Mom said that we had to be home by 11:00. That sucked because last weekend she let me stay out until 12:00 (its not all that late, but for my mom that GOOD)! Kp is spending the night and she is asleep because she has to go to a work out thing tomorrow!

We got invited to go to the movies by a guy, who shall remain nameless, and i think that we are going to go! I may invite somebody that is kind of my crush, who will ALSO remain nameless! BY THE WAY: Sex and the City is pretty much the most amazing movie I have ever seen in my life!!! I for one am a HUGE fan of the show and so when I saw the movie it was just the greatest thing ever! How can you not love the movie?

One thing that i really want to do is move to NYC! I got on a website last night and started to look at apartments and how they were priced, if it was better to buy one or rent one, and where the best place to live is on my budget! I have concluded that Upper West Side is really cool and it is much cheaper than Upper East Side! New York City has EVERYTHING! How could you not want to live there? I know that at first i would be poor as dirt but i could change

that once i landed a good paying job!

But i am pretty tired so i am going to bed. Until next time...

Well today was really boring. Kp had to go to basketball practice at like 12:00 this afternoon and so I have just been kind of hanging out. I went with Garrett to get his paint chip fixed on his car, and let me tell you it wasn't that bad of a chip but I would want it fixed too if it were my new car!!! I haven't been sleeping in too terribly late in the morning. I got up at 10 this morning and went to Starbucks. Let me just state the a Grande Mocha Frap. will pick you up in the morning. Hey you may want to try it?!?!

I guess we aren't going to the movies tonight. I just texted Kp and asked her if she was back yet and she hasn't texted me back so I am assuming that she is still in practice! Basketball is hardcore and I think that it would get really old having to do it ALL THE TIME.

Tomorrow I "PLAN" to wake up at about 9:30 and go work out...that is gonna be hard. I need to get back in the groove again! After I workout, I am going to go to the country club and lay out! Nothing like a day by the pool, plus i need to work on my tan. Hopefully the weather will be good enough tomorrow and there won't be scattered showers like there were today!

Garrett was soooooo worried about the wet paint on his car while it was raining on the way home! I simply told him to chill out and if it go messed up, we could just go and have it fixed again. It was free since it was on there when he bought it! Which is another thing...that is crap that he bought a BRAND NEW car and it has a chip on the roof! Hey things aren't perfect.

I think I am going to turn in early tonight since there is not really anything to do.

Until next time...

Alright...well today I started to plan my big birthday bash! Can you say STRESS? I was pretty much overwhelmed with everything and I don't know how it is going to turn out...but I hope that it will be amazing!

I went to see Kung Fu Panda tonight at the new movie theatre in town and it was pretty good! Popcorn and drinks were 50 cents a thing...i ended up paying like \$1.10! The movie was actually kinda scary at parts...I mean not for like people my age but if I were a little kid I probably would have been pretty scared.

Oh my new favorite, well one of my favorites, drink at Starbucks is their Iced Vanilla Latte! WOOHOO!

I am going to continue reading Twilight...so until next time...
