I'm so tired of fighting with my ex all the time, and I'm tired of school being the way it is. Teachers don't know how to teach now a days and it's riddiculous.

Most of my physics class failed the test because my teacher really doesn't know how to teach at all. I'm sick of it. I'm tired of everyone around me fighting...

so far there have been 4 school shootings in the past 8 days...
