David is sleeping next to me and kinda snoring right now. Me and him have been together now for 5 months and 15 days. I cant wait til 6 months. Time has flew by! We have already spent a half a year together! Anyways, I just started my new job this week and its okay, nothing special but I will probably quit when I turn 19, which by the way I am VERY excited about. Robert from Germany is going to be here from August 22- September 5, so he will be here for my birthday! 50 days until my birthday. Me and Dave are pretty much good, but we fight a lot, so it gets hard. 170 days until Christmas. I think if me and Dave last til Christmas, we will most likely be together forever. Which I would love, but it would be soooo hard. Everything is going good, Dad is mad at me, like always, because dave stayed here for like a week after jail and just bullshit stuff, like normal. Emily and Audrey are fighting, but i dont like to get in the middle of that... I cannot wait to move out of this apartment because I hate my roommate. Its 25 days til I move into my new apartment... Thats all for now.
