### Stuff and Drama-llama

hi! i'm scarlett. i luv, luv, luv acting, singing, hollywood, drama. i'm "that" type of girl, you know? anyways, let's get down to business. i have a puppy named Zinnia, for the flower, but I change her name pretty often. so can u help me figure out a name? i need a new one. omigosh, i just found the best book, its called Suite Scarlett. OMG. so good. u have 2 get it. whoever i am talking 2. ugh, it's thursday. but 2morrrows friday, and friday is my fave day of the week. ugh, i don't feel like going 2 school. this girl is really mad at me for some reason. like, i don't even talk 2 her and she gets all mad at me 4 no apparent reason! shes soooooooooo annoying, plus she's BFFs with like all the guys. if she wants a boyfriend (probably like next year) thats not really going to help her. cause if your best friends with the guys, don't the guys think of you as, like, one of the guys too? I heard that from somewhere. okay. so what do i do about her? plus shes telling everyone not to b friends with me, and that really sucks for her cause i've got a lot of friends, and she's got one friend thats a girl and all the rest are guys. so now can u see what's happening? well today if she says anything i should just stand up to her, right? i should do that, right? well if anybody has advice just give me some advice. it should really really help. i really like this just journal thing! omigosh i've written so much...i should stop. so.....bye! cu l8r!

Luv, Scarlett :-)
