hopefully the last sad night

im tired of being talkd down to.. why cant he treat me like a precious gem. like a princess.. make me feel good. but instead im treatd like dirt. acts like im nobody.. is he that insecure?! just because my phone died and he couldnt get a hold of me for a few hours he thinks im doing something bad? how can i when jelly is right here.. i cant have anyone over bc my dads wife... plus ive ben so good to him.. HES the one who cheated on me and i took it all. i never once had intention to hurt him back. thats how true love is.. but im tired now. im tired of taking it all. how can i love someone that calls me names.. u cant call someone names out of anger.. if u love someone u wouldnt do that to them.. thats the thing. he says he loves me.. i know now that its not true. im just a fool for believin it.. actions speak louder than words.. why am i so beleiving.. i love him.. so much that i forgot to love myself. and thats noones fault but mine. i let him go already tonight. i hope its for sure.. im soo tired of being hurt. tired of crying. tired of having an empty feeling inside. tired of having noone ther for me. if anything thats wat i learned. uve got urself and urself only.. family and friends.. only for a while. but the way i am.. u cant go to them anymore. i put up with this tooo long now...i learned that he can never take care of me.. financially, physically, and most importantly for me.. emotionally.. am i emotionally weak that i need someone ther and keep doin this to myself js for a few hours with him... or am i strong that i put up with soo much for so long?

love is patient, love is kind. It does not envy, it does not boast, it is not proud. It is not rude, it is not self-seeking, it is not easily angered, it keeps no record of wrongs. Love does not delight in evil, but rejoices with the truth. It always protects, always trusts, always hopes, always perseveres.

maawa nman kyo sken

is this really the right thing to do? i deserve better. he cant jus come on his schedul. why doesnt he make time for me. its over this time. hes not sad at all. and im so miserable its not fair. he doesnt even care. dont worry. jus one more time for me to get hurt and no more. i have many sins. such as taming my tongue. quick to listen slow to speak and slow to become angry is how i should be. i should not swear by heaven god or anything else. no boasting about tomoro. we dont kno wat will happend tomoro we should say instead if the Lord allows i will live and do this or do that... thats what i should focus on.. not losing a james. a temptation given by evil not by god. desire leads to sins which leads to death. im done with him. dear god for a little while now ive treated him as my God. i kno thats the biggest sin of all. i worshippd him. sacrificed for him. done everything for him. help me lord to stay away and help me to get my heart right and loveyou. i need to stay away from evil. help me lord... hes rly not calling me tonight. good i guess. its rly over and it needs to be.
